Dear Alex Family Members

The Grade 11 Life Science test

In the run up to our Grade 11 Life Science test today, one of the teachers inadvertently posted a copy of the test on her class Whatsapp group while she was sharing past papers for revision purposes.

The teacher removed the file, but some group members already had a copy of it. We have decided to reschedule the Life Science test for this term, because the test written today was compromised.

I know this is frustrating for everyone but we need to protect the integrity of our academic results so we must reschedule.

Please accept my apologies for this situation. We will continue to strive to prevent it from happening again.

Yours sincerely

Matthew Ridgway
Principal
