Payment of School Fees

School fees are payable in advance and are due on the first day of the school year.

The following terms of payment are offered by the school:

- Payment in full by the 7th of February (10% discount offered)
- Debit order over 11 months (5% discount offered in the 11 month if no payments are missed)
- A maximum of 12 monthly payments (Jan to Dec) by Internet transfer, bank deposit or cash, or credit/debit card

Failure to comply with these terms as above, means that by the 7th of the month missed, you are in default, and in terms of the National Credit Act, the whole amount then becomes payable.

A card facility is available and cash is accepted, but the discount mentioned above is subject to reduction as a result of transaction fees.

School fees do not include costs for instrument hire, tours, tournaments and long-distance travel.

Any indulgence granted by the school to the parent(s) / legal guardian(s) in the payment of school fees, shall not be construed as a waiver of any rights of the school which it may have or as an estoppel against the enforcement of any such rights.

Any debit orders that are not paid by the parent(s) / legal guardian(s)' bank shall be considered in default immediately the school receives notification of non-payment in which event the whole amount becomes payable.

It is agreed by the parents(s) / legal guardian(s) that a certificate signed by the member of the governing body in charge of finances, whose authority need not be proved, specifying the amount owing the parent(s) / legal guardian(s) and stating that such amount is due and payable by the parent(s) / legal guardian(s) to the school, shall upon its mere production and without prior discovery, be prima facie proof of the amount and that same is due, owing and payable for purposes of obtaining provisional sentence or summary judgment against the parent(s) / legal guardian(s).

In the instance where a parent(s) / legal guardian(s)' account is handed over to the school's attorneys for collection, the parent(s) / legal guardian(s) shall be liable for payment as between Attorney and own Client for all the school's legal costs, including collection commission calculated in accordance with the rules of the Law Society of the Cape of Good Hope, so as to give the school a full indemnity in respect of such costs incurred in collection of the outstanding school fees. The parent(s) / legal guardian(s) shall make all payments in settlement of the arrear school fees handed over to the attorneys.

All payments made by the parent(s) / legal guardian(s) in terms of the arrear amount handed over to the attorneys for collection, shall be appropriated firstly in satisfaction of collection commission, secondly in satisfaction of costs, thirdly in satisfaction of interest and finally in reduction of the capital amount due.

In circumstances of genuine hardship resulting from either changed employment circumstances and the like or in the case of new applications for admission where Alexander Road High School is the closest school to the parents' place of abode, the parents must complete the school's official school fee subsidies application form and motivate why alternative arrangements for the payment of school fees need to be considered. This

approach must be made prior to any default and parents must be prepared for an exhaustive investigation into their financial circumstances and lifestyle. The school reserves the right to deal with each case individually and at its absolute discretion. School fee subsidies are considered according to the subsidy scale as determined by the School Governing Body in accordance the regulations as laid down in the South African Schools' Act. The subsidy scales are available from the bursar on request.

'All children have a natural desire to be good, loveable and successful. We will therefore create a climate that nurtures this belief.

'Our school atmosphere must help to create a success culture. This is non-negotiable.'
